

ORGANIC WINES FROM RIOJA

To ensure our family business survives and thrives for future generations

We would like to introduce you to our wines

Award winning organic and vegan wines from the heart of Spain's most famous wine region - Rioja

TASTING NOTE

White Rioja sales are growing – wine lovers are looking for something different. This rich, complex dry white wine evokes a style of previous decades yet retains an intriguing modern freshness. Made from the very rare and recently discovered Tempranillo Blanco; a natural mutation and a delicious quirk of nature.

TASTING NOTE

A pure, unoaked Tempranillo from very special vineyards in Moncalvillo. It has fresh eucalyptus and fruit aromas often these are lost or dulled through barrel ageing. Low production quantities ensures maximum intensity. A modern deeply flavoured Rioja with perfect balance.

DON JACOBO
TEMPRANILLO ECOLÓGICO

TASTING NOTE

Ageing in new American oak for 18 months gives aromas of vanilla and spice, a smooth yet full flavoured wine with gentle tannins and a long lingering finish. Sensitively made to preserve character and personality.

“We don’t see any other way of working. Respecting the environment is the only way to preserve our heritage. It is the way we think and live”

Carlos Rubio Villanúa - Winemaker

ECO-FRIENDLY

Our butterflies are a colourful reminder of the importance of organic production. They dance a ‘thank you’ to us in our vineyards every summer.
